PRIVATE PILOT LICENCE COURSE

WHAT IS THE PRIVATE PILOT LICENCE?

Whether you do it for fun, just to enjoy the pleasure of flight, or because you are starting your training towards a professional career, the Private Pilot Course (PPL) is your first step into the aviation world.

At any time, you can transition from your PPL to a Professional career through the CPL Course or Modular ATPL Program, so it is an investment that may pay up for itself in the future.

Also, if all what you want is to fly for fun or sport, this is definitely what you need. The PPL can also be used for people who love aviation but do not want to pursue a career as an airline pilot. It can be used to rent smaller single pilot aircraft as a hobby.
